

REFRESHING FOOT MASSAGE CREAM

W/O Emulsion

- Compact emulsion
- Packaging : jar
- Good stability of EASYNOV™ with ethanol
- AQUAXYL™ hydra-technology guarantees long-lasting hydration.
- Long play time, silky touch, fresh effect guaranteed
- A real relaxation for your feet !

Formula		
A	EASYNOV™ Caprylic Capric Triglyceride Prunus Amygdalus Dulcis (Sweet Almond) Oil Tocopherol Dimethicone Cera Alba Cetyl Dimethicone Butyrospermum Parkii	3.00% 10.00% 10.00% 0.05% 2.00% 1.00% 1.00% 1.00%
B	Aqua / Water AQUAXYL™ Magnesium Sulfate	Up to 100% 3.00% 0.70%
C	Sodium Benzoate & Potassium Sorbate	1.00%
D	Ethanol Menthyl Lactate Mentha Piperita L	2.00% 0.10% 0.50%

Procedure (Trimix 5 kg)

Introduce phase A into the tank. Heat at 80° C. Heat phase B at 80° C. Then add phase B gradually into phase A during 20 minutes (under agitation at 3000 rpm & T° at 80° C). Then, add the phase C at one go and homogenize. Cool down gradually under agitation until 60° C. Stop the rotor / stator and cool down until 30° C. Introduce phase D and cool down until 20° C.

Characteristics

Appearance	Compact emulsion
Viscosity 1M at RT	80,000 cps S4S6
Viscosity 1M at 45° C	59,000 cps S4S6
Viscosity recovery at RT (after 1M at 45° C)	87,000 à 100.000 cps S7S5
Stability*	Stable 1M at RT, 45° C, in cycles -4/+40° C Stable after 20 minutes of centrifugation at 3000 rpm & RT

EU07210 - 1209

Raw materials from SEPPIC

EASYNOV™

Octyldodecanol & Octyldodecyl Xyloside & PEG-30 Dipolyhydroxystearate

EASYNOV™ is a liquid lipophilic emulsifier. It allows to develop Water-in-Oil emulsions without wax and thus gives soft and silky texture without tacky effect. Thanks to its liquid form, the emulsions can be prepared by a cold process.

AQUAXYL™

Xylitylglucoside & Anhydroxylitol & Xylitol

AQUAXYL™ moisturizes and restructures the skin by harmonizing the hydric flow of the skin. Water reserves are instantly boosted and water loss is reduced (in vitro and in vivo tests prove this efficacy). Validated by ECOCERT®.

Other raw materials...

- Caprylic Capric Triglyceride : **Triglyceride 5545 (STÉARINERIES DUBOIS)**
- Prunus Amygdalus Dulcis (Sweet Almond) Oil : **Huile d'amande douce (BERTIN)**
- Tocopherol : **DL α Tocophérol (BASF)**
- Dimethicone : **DC200/350 (DOW CORNING)**
- Cera Alba : **Cerabeil (BARLOCHER FRANCE)**
- Cetyl Dimethicone : **Abil wax 9840 (EVONIK)**
- Butyrospermum Parkii : **Beurre de karité (SEDERMA)**
- Magnesium Sulfate : **MgSO₄, 7H₂O (MERCK)**
- Sodium Benzoate & Potassium Sorbate : **EUXYL K712 (SCHÛLKE ET MAYR)**
- Menthyl Lactate : **Frescolat L (SYMRISE)**
- Mentha Piperita L : **Huile essentielle de menthe poivrée (CHARABOT)**
