*Raw materials from SEPPIC*

**MONTANOV™ 68**

**Cetearyl Alcohol and Cetearyl Glucoside**

Glucolipid emulsifier derived from vegetable origin. It can be used to formulate rich, smooth textures with any type of oil phase. Promoter of liquid crystals, it plays a role in maintaining skin moisturization over time. Ecocert, Cosmos and Natrue approved.

**MONTANOV™ 202**

**Arachidyl Alcohol and Behenyl Alcohol and Arachidyl Glucoside**

Glucolipid emulsifier derived from vegetable origin. Promoter of liquid crystals, it plays a role in maintaining skin moisturization over time. Thanks to liquid crystals which contain water, MONTANOV™ 202 helps to keep skin moisturized. Ecocert and Natrue approved.

**LANOL™ 99**

**Isononyl Isononanoate**

Emollient agent.

**VOLUFORM™**

**Palmitoyl Isoleucine**

Thanks to VOLUFIRMING technology, Voluform is able to fill and to give curves to the thinned and sagging cutaneous zones by targeting the cells responsible for plumping and firming. It favours the effect of the adipocytes by stimulating their differentiation and limiting their degeneration (inhibition of altered adipocytes, MAD cells). The fibroblasts gymnastics make the dermal meshing firmer and more dynamic. The volume of the face marked by ageing is remodelled and the wrinkles formed are filled and erased (clinical efficacy validated on senior citizens). Ecocert approved.

**FLUIDANOV™ 20X**

**Octyldodecanol and Octyldodecyl Xyloside**

"EASEMOLLIENT" from original xylolipidic emulsifier, extra-fluid, easy-to-use, FLUIDANOV™20X is a smart emollient: texturing effect in cream gels, it will also contribute to stabilize W/O emulsions and improve skin feeling.

**SEPIMAX™ ZEN**

**Polyacrylate Crosspolymer-6**

Powder polymer with a MAXIMUM resistance to electrolytes thanks to its high associative behavior. Stable from pH 2 to 8, it enables the creation of formulas with a specific skin feeling: rich, velvety and elegant. It is now possible to formulate transparent aqueous gels, cream-gels and emulsions with any kind of active ingredients and to achieve ZEN.

**LAMINAÏNE MARINE BG/PF**

**Aqua and Propylene Glycol and Laminaria Ochroleuca Extract**

Brown algae also named « golden seaweed ». It balances cell : decreases stress damages and increases Cell homeostasis to fight against aging process.
